

THE DEVELOPMENT AND TRANSLOCATION
OF THIAMINE IN CEREAL GRAINS

A THESIS PRESENTED TO

the Committee on Post-Graduate Studies
of the University of Manitoba

In Partial Fulfillment
of the Requirements for the Degree
of Master of Science

by

Zalman Selchen B. Eng.

April, 1949.

ACKNOWLEDGEMENTS

The author wishes to acknowledge the invaluable assistance and guidance offered by Dr. Allen D. Robinson, Associate Professor of Chemistry, under whose direction this study was made. Acknowledgement is also made to Professor J. H. Ellis, Professor of Soils who provided the test plots. To Mr. Cyril H. Tobias and Mrs. Barbara J. Miles sincere thanks are extended for their assistance in the collecting of samples for analysis. The financial assistance of the National Research Council which enabled this study to be carried out is also gratefully acknowledged.

TABLE OF CONTENTS

| SECTION | | PAGE |
|---------|--|------|
| I | Introduction | 1 |
| II | Review of the Literature | 3 |
| III | Materials and Methods | 9 |
| IV | Results | 12 |
| V | Discussion | 26 |
| VI | Summary and Conclusions | 36 |
| IV | Thiamine Content of Renown Wheat Parts in Micrograms per Plant | 20 |
| V | Thiamine Content of Oak El Farley Parts in Micrograms per Plant | 21 |
| VI | Thiamine Content of Kester Oats Parts in Micrograms per Plant | 22 |
| VII | Total Thiamine in Plants in Micrograms per Plant | 23 |
| VIII | Distribution of Thiamine in Plants at Successive Stages of Growth | 25 |

LIST OF TABLES

| TABLE | | PAGE |
|-------|---|---------|
| I | Thiamine Content of Renown Wheat in Micrograms per Gram Showing Mean Deviations and Average Weights of Parts | 14 - 15 |
| II | Thiamine Content of OAC 21 Barley in Micrograms per Gram Showing Mean Deviations and Average Weights of Parts | 16 - 17 |
| III | Thiamine Content of Exeter Oats in Micrograms per Gram Showing Mean Devi- ations and Average Weights of Parts | 18 - 19 |
| IV | Thiamine Content of Renown Wheat Parts in Micrograms per Plant | 20 |
| V | Thiamine Content of OAC 21 Barley Parts in Micrograms per Plant | 21 |
| VI | Thiamine Content of Exeter Oats Parts in Micrograms per Plant | 22 |
| VII | Total Thiamine in Plants in Micrograms per Plant | 23 |
| VIII | Distribution of Thiamine in Plants at Successive Stages of Growth | 25 |
